UW Health is the integrated health system affiliated with the University of Wisconsin—Madison. We partner with the University of Wisconsin School of Medicine and Public Health to advance patient care, research, education and community service to patients from across the U.S. and around the world.

Mission: Advancing health without compromise through service, scholarship, science and social responsibility.
Vision: Remarkable health care.
Our values: Excellence, Innovation, Compassion, Integrity, Respect, Accountability, Diversity

Our vision is to be a leader in dismantling racism in ourselves, in our system and in our community.

We have three primary goals:

- Create a culture of anti-racism and inclusion
- Deliver healthcare that is equitable and inclusive
- Reduce health inequities by actively addressing social determinants of health
